

The Williamsburg Christian Academy Fine Arts Coalition is designed to support students involved in the Fine Arts Program. The Fine Arts are a valuable part of our school's curriculum and culture and include musical, visual, and performing arts. The Fine Arts Coalition (FAC) fosters a culture that encourages and values students engaging in the Arts on our campus.

Become a member of the FAC and you will be supporting WCA's Fine Arts Program along with its current and future students. Your contribution and support will help our students and our program expand to new horizons and opportunities, paving a bright path for the future.
